

Gregg Anthony Jimenez

IT Graduate

jimenezgregg365@gmail.com | 09851423225 | #461 Sitio Bantog Carino Paniqui Tarlac

PROFESSIONAL SUMMARY

Motivated IT professional focused on improving system efficiency and delivering practical, innovative solutions in fast-paced environments.

CORE SKILLS

- Programming & Web: Java (OOP), HTML, CSS, JavaScript, Laravel, React.js, Node.js
- Networking: Cisco Networking, Routing & Switching, Network Troubleshooting
- Data & Tools: MS Access, Database Creation
- Design: Figma, Canva (UI/UX and visual communication)

PROFESSIONAL EXPERIENCE

Web Developer Intern | Wireless Access for Health (WAH), Philippines

- Developed and maintained web-based applications during internship at a leading digital health organization in the Philippines.
- Built an Employee Evaluation Application featuring performance tracking, score visualization, and employee assessment management.
- Developed a Payroll Management System with automated salary computation, attendance monitoring, leave management, and resignation tracking features.
- Collaborated with the development team to improve system functionality, usability, and data management processes.

TECHNICAL PROJECTS

- **Employee Evaluation App:** Developed a performance evaluation system with progress tracking and score visualization features for employee assessments.
- **Document Tracking System:** Developed a centralized document management and tracking system that monitors document status, workflow progress, and approval processes, improving record organization and retrieval efficiency.
- **Payroll Management System:** Built a payroll system with automated salary computation, attendance tracking, leave management, and resignation monitoring.
- **Therapy Management System:** Created a web-based pediatric occupational therapy management system with AI-augmented assessment designed to improve therapy processes, simplify digital record management, and strengthen collaboration between therapists and parents.

- **Banking Transaction System:** Developed a secure application that handles banking transactions such as deposits, withdrawals, and balance inquiries with data validation.

EDUCATION

Tarlac State University

Bachelor of Science in Information Technology | 2022 – 2026

Specialization: Technical Service Management | Consistent Dean's Lister (1st Year to Present)

Tarlac National High School

Senior High School Graduate | 2020 – 2022

With Honors (Grade 11 – Grade 12)

CERTIFICATIONS

- CCNA: Introduction to Networks
- CCNA: Switching, Routing, and Wireless Essentials
- Introduction to Networks
- Introduction to Cybersecurity
- Introduction to Modern AI
- IT Customer Support Basics

ADDITIONAL INFORMATION

Soft Skills: Critical Thinking, Analytical Problem-Solving, Interpersonal Communication, Time Management, Adaptability, and Teamwork.
